

CURBS

for continuous ventilation with fins

3D MOULDED FINS FOR MAXIMUM PERFORMANCE ✓

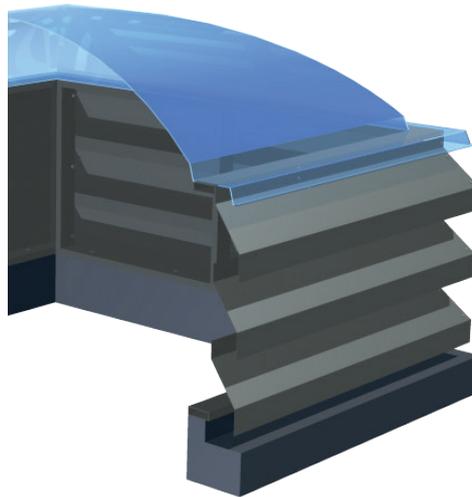

CLEANING WITH WATER ONLY:
NO DETERGENT REQUIRED ✓

Easy-to-install base for continuous ventilation, designed in detail using 3D modeling. It comprises Z-shaped moulded fins that are fitted to the structural element and installed on a waterproofed curb. The dimensions and finishes can be customized to suit individual requirements.

NOTE: The design of the product does not provide waterproofing assurance during heavy rain or rain accompanied by strong winds
